Figure 1: A diagram illustrating the relationship between the input and output of the proposed method. The input is a set of data points $\{x_i\}_{i=1}^n$ and a target function f . The output is a set of data points $\{y_i\}_{i=1}^n$ and a target function \hat{f} . The diagram shows the input data points and target function being processed by a method to produce the output data points and target function.
